Pro-X
PROPORTIONER

- Individual gear pump driven system with integrated software to independently adjust motor speeds
- High resolution flow meters analyze thousands of data points to create seamless adjustments to chemical flow
- Intuitive system dynamically adjusts to automatically ensures on-ratio application everytime

SPECIFICATIONS

APPLICATION	Best fit for wall foam application
POWER INPUT	Nominal 200-240 vac, 1 phase or 3 phase, 50/60 hz
WEIGHT	440 Lbs
DIMENSIONS	26.5” (width) x 24” (depth) x 64” (height)
MAX FLUID WORKING PRESSURE	2000 PSI
POWER BUDGET ELECTRIC HEAT	10.5 Kw (without hose)
HOSES	200’ - 3kw, 250’ 3.75kw, 300’ 4.5kw, 400’ 6kw
HMI	TFT - LCD with touch screen
HOSE ELECTRICAL CODE	GFI protected hoses
MAX HOSE LENGTH	400’
