AKURATE DYNAMICS

HD SERIES HOSE

THE TOUGHEST YET LIGHTEST HOSE IN THE INDUSTRY

We listened to the market – and delivered.

After 2 years of design and field testing, the HD Series Hose is built to meet the demands of today's spray foam industry.

Tough enough to handle the use and abuse of the Spray Foam Industry.

SPECIFICATIONS

ISO HOSE	Moisture blocking polyethylene inner tube
RESIN HOSE	Non-moisture block nylon inner tube
HOSE SECTION	50′ of 3/8″ Hose
WHIP SECTION	25′ of 3/8" Hose AND 25′ Pressure Jumper Hose
MAX FLUID WORKING PRESSURE	2000 PSI and 3300 PSI
TEMPERATURE MEASUREMENT	RTD Temperature Sensors
PRESSURE MEASUREMENT	25′ from spray gun
MAX FLUID TEMPS	150 Degrees Fahrenheit ISO, 190 Degrees Fahrenheit Resin
POWER INPUT	120 VAC, 60 HZ
ELECTRICAL CONNECTION	Custom cables with moisture sealing connectors
ELECTRICAL CODE COMPLIANCE	GFI Protected
MAX HOSE LENGTH	400'
